Durak ile; yoldan daha içeride kalan fabrika için röper noktası oluşturulması ve fabrikada üretilen yapıslok malzemesinin sergilenmesi istenmiştir.

Durak was planned for the building block factory at Lüleburgaz belonging to Yapı Merkezi Prefabrikasyon A.Ş.

Durak was intended as a starting point for the factory located further in from the road and for the exhibition of building block material manufactured in the factory.
